**The NAIC has six NAIC designation categories to denote a category of credit quality:

NAIC 1 Obligations exhibiting the highest quality: Credit risk is at its lowest, and the issuer's credit profile is stable.

NAIC 2 Obligations of high quality: Credit risk is low but may increase in the intermediate future and the issuer's credit profile is reasonably stable.

NAIC 3 Obligations of medium quality: Credit risk is intermediate and the issuer's credit profile has elements of instability.

NAIC 4 Obligations of low quality: Credit risk is high and the issuer's credit profile is volatile.

NAIC 5 Obligations of the lowest credit quality, which are not in or near default: Credit risk is at its highest and credit profile is highly volatile, but currently the issuer has the capacity to meet its obligations.

NAIC 6 Obligations that are in or near default: Payments of interest or principal (or both) are not being made, or will not be made in accordance with the contractual agreement.
